

VALLEY
Value Add

**5-STAR
SERVICE**

Level up your product release with our 5-Star Experience.

1. Dedicated Logistics Specialist:

- We have a single point of contact that offers complete control tower visibility and accountability.

2. Customized Route Planning:

- Our Project Management team consists of dedicated planners to ensure the pick to delivery experience is developed with service and damage-free in mind while balancing speed to market.

3. Shipment Priority (within operation based on unique identifiers):

- This enables high visibility shipments to flow through the network in a seamless high priority manner.

4. Exclusive Use Equipment (Trailers):

- Valley leverages a network of carriers to ensure we have exclusive use for a dedicated experience.

5. Survey Completion & Analysis:

- In conjunction with our partner customer, we will offer a 360 review to our project execution for the end customer to provide feedback. We use this in our continued effort to be best in class.
